

Faith & Questions

A simple starting point for personal reflection or a thoughtful conversation.

01 Ask honestly.

What question about faith would you like to explore?

02 Follow a source.

Which passage, book, video, or article will you consider? Who created it?

03 Think carefully.

What claim is being made? What supports it? What remains uncertain?

04 Take a next step.

What will you read next, or who could you discuss this question with?

Listen with care. Explore with patience. Leave room for another question.
